

Maintenance Technician—Métis Urban Housing Corporation

Locations: Calgary

Positions : 1

Closing Date: Until suitable candidates are found.

Position Status: Full Time (37.5 hrs. per week)

THE ORGANIZATION

Métis Urban Housing Corporation (MUHC), an affiliate of the Métis Nation of Alberta, was **incorporated in 1982** to provide **subsidized, adequate and suitable** housing to low and moderate income Indigenous families in Alberta. We currently have 507 units in 14 **urban centres** funded by the Federal Government through Alberta Seniors and Housing. MUHC employs over 40 full and part time staff; together we oversee tenant relations and property management needs for thousands of tenants. Unlike any other subsidized property management company in Canada, we offer housing across the province of Alberta and are the **largest Indigenous housing provider in Alberta.**

THE OPPORTUNITY

The Maintenance Technician is responsible for a wide variety of maintenance, preventative maintenance, repairs and full renovation of properties in the Métis Urban Housing Corporation portfolio.

KEY RESPONSIBILITIES

Conduct regular unit maintenance inspections and perform work duties assigned daily to complete work requests by Maintenance department such as:

- Complete painting and repair of unit's interior and exterior.
- Install cabinets/counters, floor coverings, repair/replace drywall, change doors and locks.
- Perform minor electrical repairs such as replacing switch plates, plug ins and light fixtures.
- Perform minor plumbing such as replace worn or leaking tap washers, toilet tank floats and valves, handles or faucets, shower heads.
- Perform and/or troubleshoot minor repairs on appliances.
- Regrade landscaping, spring yard clean up and tree trimming. Maintain grounds on vacant units such as garbage clean up and removal, grass cutting etc.
- Maintain exterior finishes such as eaves troughs, siding, shingles and sidewalk repair.
- Complete annual inspection of all properties in the MUHC portfolio.
- Perform minor repairs of furnaces including checking furnace filters, checking belts for wear and tension (replace as required), cleaning humidifier and replacing filter pad, vacuuming inside furnace compartment and lubricating pumps and motors.
- Perform or troubleshoot minor repairs of hot water tanks.
- Cover after hour's emergency call phone on a rotational basis.
- Complete required daily report and logs.
- Other duties that may be assigned from time to time. (ie. Travel to rural locations.)
