Please note: Funding will only be issued when all criteria are met and distributed accordingly. You should not apply until you are ready for the funding. This funding is limited; therefore, it is on a first-come, first-serve basis.

Q. If I sell my home after two years, what happens with the caveat?

MCHC puts a five-year caveat for funding received on properties under the Home Repair Program or the Down Payment Assistance Program. All approved applicants must sign an Agreement Charging Land caveat. Caveats protect the integrity of our funding, and when the five-year term is up, the caveats are removed.

A company or person can put a caveat on a property if they have a legal claim on that property. This caveat can be an encumbrance, lien, or interest against said property.

The funding will be pro-rated if you sell your home any time before the five years is up. For example, if living in the home for two years and then selling, the two years would be considered “grant status,” and the applicant would pay MCHC for the remaining three years.

Q. Can I use the \$20,000 to build my own home?

Yes. You can use it as a down payment when purchasing a home. We pay the builder’s lawyer the amount of the down payment you qualify for. The funding cannot be used to purchase building materials.

Q. Can I still apply for the program without a Métis citizenship card?

No, You must have an MNA citizenship number to qualify for these programs.

Q. I own land but do not own a home. Can I still apply for the Down Payment Assistance Program?

Yes. If you are building a house on your land and have met all qualifications for funding, you may qualify for down payment assistance.

Q. Is there a limit to the number of approved applicants per household?

Yes. There is a limit of one per household for the Down Payment Assistance Program and Home Repair Programs. The Rent Supplement Program is based on the household. For example, the Rental Supplement for Students Program can be accessed by more than one student from the same family moving away from home for school; each student would apply separately and must supply their rental leases.

Q. What if my application is missing documents?

Missing documents will delay the processing of your application.
